# Reintroducing Human Systems Integration: Evolving Frameworks, Global Applications, and Future Directions

Introduction and Overview of Webinar

*Wendy A. Rogers, Ph.D.*

*Khan Professor of Applied Health Sciences*

*University of Illinois Urbana-Champaign*

May 9, 2025

# Genesis of the Webinar

- Board of Human Systems Integration meeting discussions
  - Widespread adoption of the human-systems approach
  - Availability of educational and implementational resources that could be shared
  - Potential for the human-system integration approach to have even broader impact
  - Value of “re-introducing” the concept of human-systems integration
- Human Factors and Ergonomics Society Presidential Address:
  - Rogers, W. A. (2005, September). *Who knows about human factors and ergonomics? More people than you might think*. Presidential Address at the Human Factors and Ergonomics Society Annual Meeting, Orlando, FL.
- The same is true of human-systems integration
  - Webinar will provide examples and resources

# Webinar Agenda

- Human Systems Integration: Definition, Model, & Educational Imperatives
  - Larry Shattuck
- SAE International G-45 HSI Committee Process Standards at HSI and Domain Levels
  - Eric Stohr and Steve Merriman
- INCOSE, Human System Integration Working Group
  - Paul Lambertson
- Discussant Remarks
  - Michelle Robertson
- Future Directions of HSI
  - Emanuel Robinson
- General Discussion
  - Questions in Q & A

## Plan:

15-minute presentations

10-minute discussant

5-minute future directions

30-minute general Q & A

All Acronyms will be Explained

# General Discussion

*Questions for specific panelists from the audience*

*General questions for panelists*
