## National Council on Disability

An independent federal agency making recommendations to the President and Congress to enhance the quality of life for all Americans with disabilities and their families.

### Letter of Transmittal

April 5, 2023

President Joseph R. Biden Jr.  
The White House  
Washington, DC 20500

Dear Mr. President:

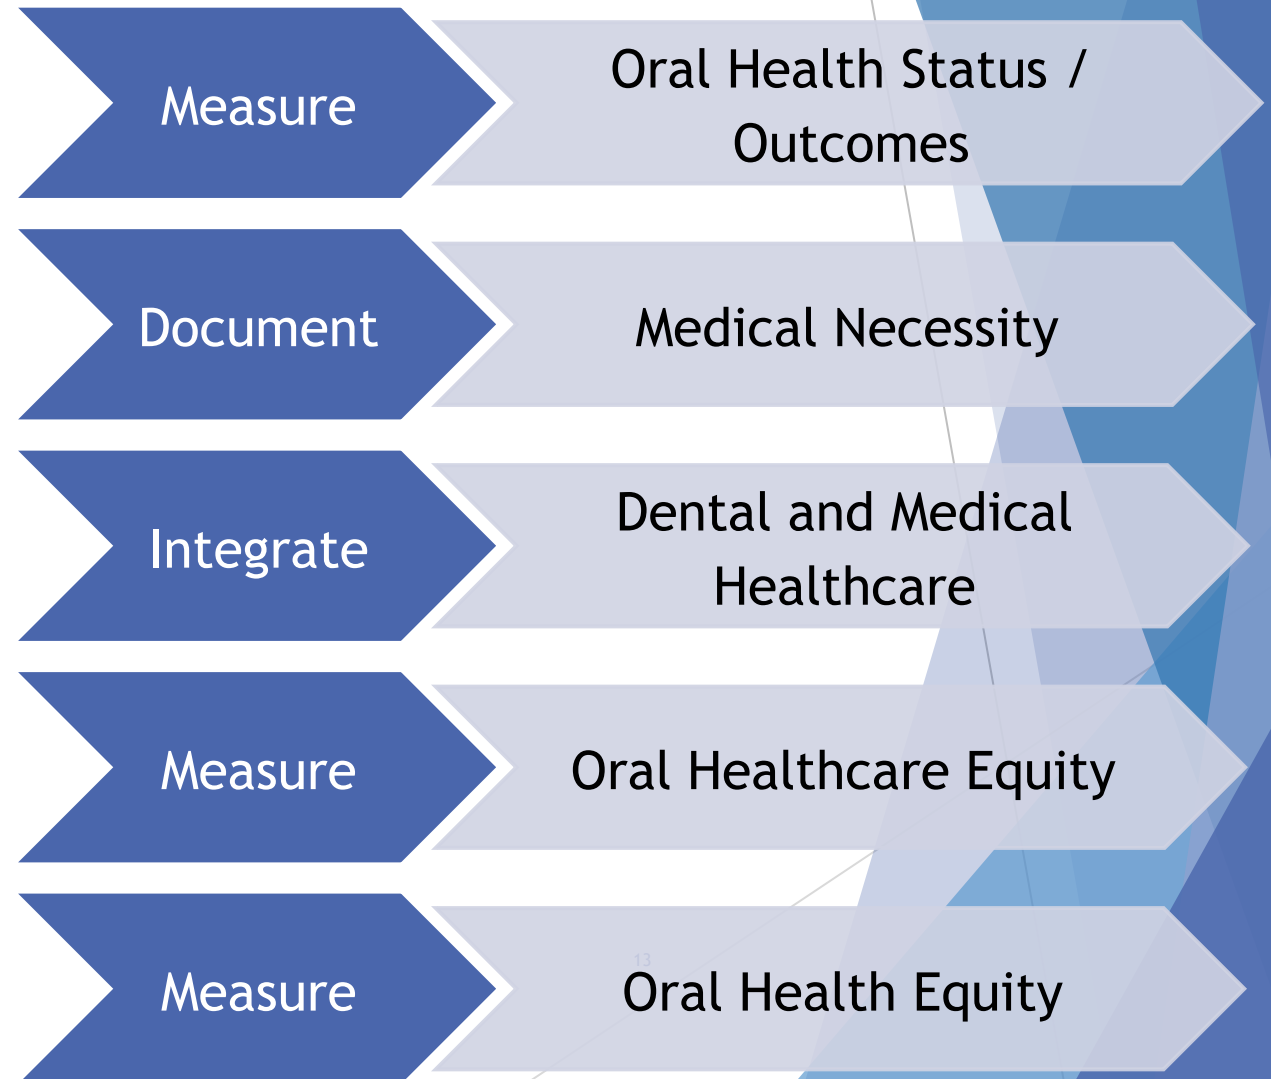

Our country is failing to adequately care for the oral health needs of the over 9.4 million people with intellectual and developmental disabilities (IDD) in the United States who rely upon Medicaid and its limited network of oral healthcare providers for their oral health needs. Poor oral health contributes to the decay of physical health as it has been linked to respiratory, cardiovascular and endocrine disease.<sup>1</sup> The significant health disparities existing between those with IDD and their nondisabled counterparts can be greatly attributed to poor oral health. On behalf of the National Council on Disability (NCD), I submit this report for your consideration entitled *Incentivizing Oral Healthcare Providers to Treat Patients with Intellectual and Developmental Disabilities Through Medicaid*.

### Key Recommendations:

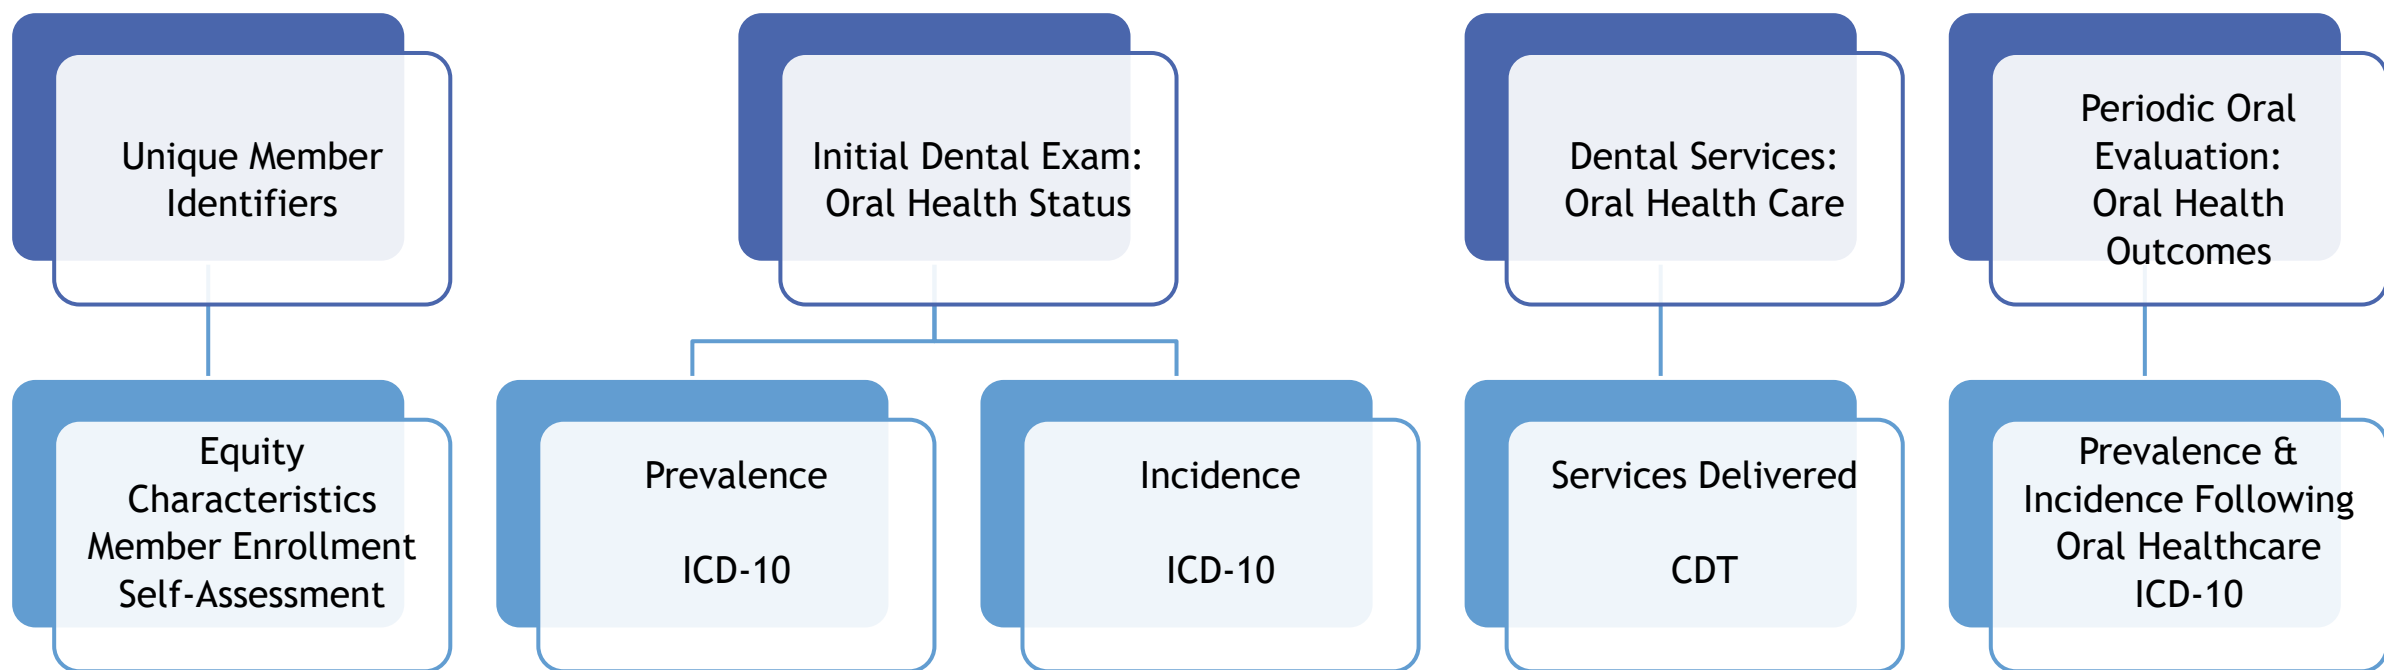

1. Define and designate people with I/DD as a Medically Underserved Population
2. Mandate Medicaid dental coverage for adults with I/DD.
3. Explore new integrated, preventive, value-based healthcare program in Medicare for adults with I/DD

# Improve Data Collection to Monitor Health Outcomes

- ▶ Inability to measure outcomes
- ▶ Dentistry does not implement the use of dental or medical ICD-10 Diagnostic Codes
- ▶ System Gaps:
  - ▶ No mechanisms to:

# Establish Mechanism for Collecting Data

# Implement Continuous Quality Improvement
