

Keeping Nursing Home Residents and Staff Safe in the Era of COVID-19: Effective Testing and Cohorting Strategies to Minimize Risk of Transmission

**A Webinar
June 2, 12:00 PM –1:30 PM ET**

Webinar Objectives:

- Explore the challenges to—and appreciate the urgency of—effective cohorting of nursing home residents during the COVID-19 outbreak to prevent virus transmission
- Discuss the design and implementation of an actionable cohorting strategy based on CDC Guidance
- Examine approaches to mitigate risk associated with new admissions, readmissions and residents who must routinely leave the nursing home or long-term care facility for medical appointments

12:00 PM	<p>Welcome to the Webinar NASEM Staff</p> <p>Overview of the Webinar Webinar Moderator</p> <p><i>JoAnne Reifsnyder, PhD, MBA, MSN, FAAN</i> Executive Vice President, Clinical Operations Chief Nursing Officer Genesis HealthCare</p>
