

EMERGING TRENDS IN AVIATION SAFETY – MEETING AGENDA

January 20-21, 2025; Keck Building Room 201

Meeting Objectives:

- *Propose, discuss, and reach consensus on a working list of findings and recommendations.*
- *Discuss and propose edits and refinements to draft sections of the report and additional text required to support potential findings and recommendations.*
- *Receive updates from FAA on the AVS annual safety culture survey.*
- *Discuss possible findings about FAA's progress in assessing the safety culture of AVS.*

OPEN SESSION

12:30 – 1:30PM Discussions with FAA on Future Directions for the Study

- Brittany Richardson, Executive Director of AVP-1, FAA will receive a brief update from the committee on their progress and then have an informal discussion with the committee on potential impactful themes for future phases of the study.

1:30 – 2:30PM Briefing on the AVS Annual Safety Culture Survey

- Katherine Murphy, Safety Culture Program Manager, FAA, will lead the update briefing on the 2025 safety culture survey and updates pertaining to the 2026 survey.
